

TRAIL OPS INSTALL GUIDE

Roll Bar Grab Handles (Universal)

Let's Make It Badass.

WHAT'S INCLUDED

- (1) Pair of Trail Ops Grab Handles

TOOLS REQUIRED

- None (No tools needed)

BEFORE YOU START

- Park vehicle on a flat surface
- Ensure vehicle is off and secure
- Make sure roll bar area is clean and free of debris

STEP 1 — POSITION & WRAP

Wrap each grab handle strap around your Jeep's roll bar. Route the strap through the loop and pull tight.

STEP 2 — SECURE

Press the Velcro firmly to lock the strap in place. Ensure it does not slide.

STEP 3 — REPEAT

Repeat for all remaining handles.

FINAL CHECK

Make sure all handles are tight and secure. Give each handle a firm pull test.

INSTALL COMPLETE

You're ready to hit the trail.

CARE & NOTES

Periodically check straps for tightness. Re-adjust after heavy off-road use.
